

A vision of unspoilt nature

Mushrif Heights has been designed to create a lifestyle that is a balance of understated luxury and unspoilt natural surroundings. Parks, walkways, hills with winding nature trails and green spaces offer you and your family endless options to play, exercise or just relax and enjoy an outdoor lifestyle. Inspired by Arabia and designed with a deep commitment to the environment, Mushrif Heights will feature a range of eco-friendly innovations and environmentally conscious features that create a

Sidra Townhomes

A refreshing living experience

Inspired by the charm and beauty of Morocco, your townhome at Mushrif Heights offers you a unique living experience. In keeping with the natural surroundings, townhomes are arranged in small groups or 'clusters' of 4 homes, rather than rows, and provide a delightful village environment, surrounded by natural desert like landscape. Each townhome is thoughtfully designed with a high level of attention to detail.

Open spaces

The Mushrif Heights lifestyle is built around natural desert like landscape and landscaped hills that provide a safe, healthy environment for everyone to thrive. A vast array of indigenous and scented flowers, plants and trees have been specially selected to create a place where peace and harmony abound.
